

Reference Material for:

Agenda Item 2.3  
Strategy for Countywide Online Forms

Includes:

- Revised Exhibit 2 (*Efforts contributing toward reduced paper forms at King County*): The exhibit provided in the pre-meeting materials was revised based on SAC member feedback. The revised exhibit has additional information on projects contributing toward reduced paper forms at King County, including their alignment with the strategic technology plan and their current status.

**Strategic Technology Plan 2009 - 2012**

**Efforts contributing toward reduced paper forms at King County**

There are currently many strategic and tactical efforts in alignment with the Strategic Technology Plan 2009-2012 that contribute toward the reduction of paper forms at King County. Most not only reduce the amount of paper forms used, but also improve the maturity of electronic forms, leading to streamlined business processes as well as improved customer service.

The following table has been revised to include additional information regarding the projects identified below and the version of the Strategic Technology Plan the projects align to.

<b>Project</b>	<b>Strategic Technology Plan Version</b>	<b>Project Plan/ Schedule Exists</b>	<b>Cost Benefit Plan Exists</b>	<b>Funded?</b>
